## GOVERNMENT MAY ACT IN EASTERN COAL STRIKE

### Eastern Coal Shortage Is Now Serious

**Drastic Action By Government Is Forecast in Big Coal Strike**

#### COMMISSION GETS COMPLAINT

**Indications Are That President Will Handle Situation Personally**

(By Universal Service)  
WASHINGTON, Nov. 3.—Drastic action by the government in the coal strike was forecast here today when a complaint was filed with the Interstate Commerce Commission against the shortage of fuel for domestic and other uses in New York, New Jersey, Pennsylvania and New England States.  
That president Coolidge intends to handle the situation himself is indicated by his refusal to sponsor a special congressional investigation into the matter.

### Reason Advanced Why Wharf Shed Was Built Here

(INSTALLMENT NO. 18)  
Richmond 11-3-25

Editor Record-Herald:  
Dear Sir—You ask why a wharf shed? If it was not for the wharf shed the members of the Richmond Terminal Corporation would have to leave their automobiles in the rain and sun, even though it is dangerous for others to drive around where there is so much gas stored.

The above letter was received in the mail last evening by the Record-Herald, and the writer gives (1) a reason for the construction of the wharf shed.  
If the reason given by the writer is a legitimate one, then the wharf shed, for that kind of storage, on which the city receives no revenue, is a most expensive one, as the interest on the money invested in the structure, \$150,000 amounts to about \$7,500 per year.  
In connection with the operation of the wharf, wharf shed and dock, the Record-Herald has been asked if any steamship companies have ever been denied the right to dock at the municipal pier.  
If any person has information that will answer the above question the Record-Herald will be glad to receive it.

The Record-Herald has no hesitancy in stating that both the wharf house and wharf shed can be placed on a profitable basis, just the minute that an agreement is entered into with some company, by which the City of Richmond will get some of the cream, instead of all of the skim milk being dumped into its lap.  
There is enough storage about San Francisco bay, if it is gone after, that would keep the wharf shed filled most of the time, and the warehouse fees from this source alone would amount to a tidy sum each year.  
If the City of Richmond also was receiving its just proportion of the fees collected for the handling of goods, many thousand additional dollars would flow into the city treasury.  
There is no legitimate reason why a \$600,000 property should be turned over to any company free of charge.  
The Record-Herald believes the members of the city council have the interests of the taxpayers of the City of Richmond at heart, and that they will not permit longer the present status of affairs at the wharf to continue much longer.

### BIG TAX SLASH IS PREDICTED BY PRESIDENT

(By Universal Service)  
WASHINGTON, Nov. 3.—President Coolidge believes that taxes can be reduced more than \$300,000,000 after the government budget for the year is completed. Secretary of the Treasury Mellon stated that the slash would be between 250 and 300 million dollars, when he appeared before the house ways and means committee two weeks ago. But it is not believed that the revised estimates will be forthcoming before congress takes up the revenue bill, drafted by the ways and means committee.  
A. W. Gregg, solicitor, impressed upon the framers of the new law the necessity for simplifying its provisions, using as an example the enormous congestion of disputed tax cases in the Treasury Department, now aggregating 2,100,000. From numerous sources have come endorsements of the plan for reducing the surtaxes to a maximum of 20 per cent.  
A protest against the recommendation of General Lincoln C. Andrews prohibition chief, that a tax of 1 cent per gallon be placed on beer in order to permit dry sleuths to inspect breweries, came from Levi Cook, representing Busch at St. Louis and Pabst at Milwaukee. Cook declared that the tax would work a hardship on brewers who had never violated the prohibition law.

### Thirty Motorists Held Up By Bandits Near Twin Peaks

SAN FRANCISCO, Nov. 3.—Police are conducting a minute search for a trio of bandits today while thirty motorists are moaning their losses in a series of robberies on the Twin Peaks boulevard.  
The holdups were staged on the Twin Peaks "loop" a favorite pleasure drive. As a car slowed down a well-dressed young man would leap to the running board and with a revolver in his hand command the driver to halt. A second man would search the men in the party, relieving them of cash and jewelry, while a third remained in a parked machine covering the entire party with another revolver. All women were unmolested.  
Fourteen parties were held up in rapid succession and a number of them were forced to spend the night in stalled cars after the ignition keys had been thrown away. At 3 o'clock this morning only three parties had made their way back to the city.  
The only motorist who made his escape was Lewis Hinz, of San Francisco, accompanied by Mrs. Robert Hetherington and daughter. The bandits ordered him to halt but he sped away under a hail of bullets. No one was injured.  
Police rushed from the Park station a few minutes after Hinz's escape but stalled motorists reported that the trio fled at high speed down the grade toward the city after engaging in a revolver battle with an unidentified motorist.

(By Universal Service)

SAN FRANCISCO, Nov. 3.—In the most thorough governmental clean-up in its history the "Cleanup ticket" of San Francisco has swept San Francisco by a convincing majority.  
All nine candidates for supervisor or pledged to a program to lower taxes and municipal distribution of power are elected.

Votes from 141 precincts showed the following elected as supervisors: James B. McSheehy, Walter J. Schmidt, B. J. Deasy, Frank R. Havenner, Milton F. Marks, Milo F. Kent, Charles J. Powers, William Stanton and Charles Todd.  
In the city attorney fight John J. O'Toole has been elected. He led George Lull, incumbent nearly 2 to 1 throughout.

## FILM STAR HAS NOVEL METHOD FOR REDUCING

Hazel Keener, the beautiful blonde who plays the college belle in "The Freshman," starring Harold Lloyd next Monday, Tuesday and Wednesday at the California theatre, declares that she has the largest collection of diet books in Hollywood. For the past four years Miss Keener has been trying to figure out which diet would make her slender and which would make her stout. She has tried all methods, from the famous "orange juice and starvation" formula to the equally famous "daily dozen."

And now she has solved the entire puzzling problem—as far as she is concerned. Her system is surprisingly simple. When she wants to gain weight she takes reducing exercise and a reducing diet, and when she wants to reduce, she reverses the method.

The beautiful Hazel, however, has never been overweight for her height but she is sometimes asked to take on a little weight to be more the

## Decision Handed Down in Laundry Soliciting Case

Walter Bates, of Richmond, can solicit laundry in this city and turn his work over to whoever he wishes, according to a ruling of Superior Judge H. V. Alvarado in Martinez

type for certain roles. In "The Freshman" she is tall, slim and graceful.

yesterday when he denied the plea of the Economic Laundry company for an injunction preventing Bates from soliciting laundry on his old route.

The Economic Laundry company, which did Bates' work at one time, sought to prevent him from giving his work to a rival firm, claiming that Bates secured his trade by reason of the excellent work turned out by the Economic firm.

Judge Alvarado didn't see the matter in that light so he gave judgment for costs to Bates.

## One Casualty Reported In Merchants Golf Tournament

By THE LOST NOMAD

Ducking golf balls for the greater part of the day while we attempted to gather some information regarding the forthcoming golf tournament to be staged by the Richmond Merchants Association. Those practicing for the tournament should be warned that they should at least observe traffic regulations while driving golf balls on our principal thoroughfares. Then to the First National where Fred Caudle is hobbling around on one foot. Fred claims that he stepped off the porch and hurt his foot. At his age too. We wonder how many times he has stepped off of the porch (when he wasn't practicing for a golf tournament) and this is the first time we ever heard of him hurting his foot.

The accompanying illustration, which we managed to snap of him in his back yard yesterday we believe is the real reason for his lameness. Just as he yelled "four" or "five" or whatever it is they yell, someone working across the street on the new hotel dropped something heavy, startled Fred and instead of hitting the ball as he was trying so hard to do in the picture, he hit his toe instead. We couldn't change the film fast enough to get the ex-

pression on his face, but just drop around today and watch his limp.

Ed Huyck claims the limp is not real, but that Fred is faking it so that he will have a good alibi if he doesn't win the tournament. We can however assure Ed that it is real because we had been invited over to take a picture of Fred and his wonderful stance (whatever that is) when the accident occurred.

Be that as it may, Ed has just announced his intention of getting into the battle and winning back his dozen golf balls that he has offered as first prize. Begins to make us wish that we played the game, for if Ed is going to try to win the balls himself, they must be all right.

So far it looks as though the La Moine establishment is going to lead in the list of entries. Fred claims that he has three experts and that they will all be in the tournament. Some question has arisen as to the method under which they want to play. These three entries want to average their score and if it is less than the three highest scores they think they should have the prize. Let's see three goes into twelve about four times. Four for each, that's not half bad. Wonder how one plays the game.

### Garage Plans at Builders Exchange

Plans are now in the Richmond Builders' exchange for the new \$12,000 concrete garage building to be erected by Ward McKenney on Fourteenth street, between Macdonald and Bissell avenues. The plans were drawn by Architect Ernest Flores. Bids will be opened in the exchange on November 10 at 2 p. m.

## New Orchestra Formed Here By Trained Players

An orchestra has been formed here to be known as the "Barry and Bibbins Seven Harmony Kings," which will furnish the music at the dances to be given at the Memorial hall by the Veterans Hall Association, beginning tonight, under a new management.

The orchestra is made up of the greatest aggregations of musicians that has ever been assembled in Richmond for that purpose. "Chick" Barry, who heads the organization plays the drums and xylophone and has been conducting orchestras in Richmond and Oakland for the past eight years, with a marked degree of success.

F. C. Bibbins, who plays the saxophone, clarinet and oboe, has been a musician since the age of 11 and has been featured as a soloist by bands and orchestras since the age of 14. He was at one time a member of the well-known Santa Cruz Beach band, also of Payson's Coast Artillery band, Paul Steindorff's Oakland Municipal band and John Wolohan's famous orchestra, known as Wolohan's Californians. Bibbins plays five different instruments.

"Jack" Hall has played clarinet and saxophones for many years having been with leading theatre and dance orchestras of the east. Hall comes to this orchestra as an experienced musician.

Charles Bennett is a well known local banjoist and violinist and needs no introduction to the local people. Bennett was with the famous Winter Garden orchestra of Portland and "Chick" Barry's original orchestra as well as several other local musical organizations.

Joe Maroney is also well known here and is acknowledged to be a finished artist, devoting his entire musical career to the trumpet. Maroney and Bibbins were fellow musicians in Santa Cruz along with Walter Roemer, now conductor of the Oakland T. and D. orchestra.

Ed Hill is a musician with a great deal of experience and has played with some of the best musical organizations in the state. He has just completed the season with Steindorff's Oakland band, having been trombone soloist with that organization.

Paul Nord, the pianist while a stranger here, is well known in San Francisco, Oakland, Los Angeles and eastern cities.

Mr. and Mrs. A. J. Furrer, the 2650 View avenue, recently former of Kearney-Furrer company, plied by the contractors Tandy and have moved into their new home, Theis.

## TIE GAME WITH TAMALPAIS TO BE PLAYED OFF

After having definitely decided to call in the football equipment and prepare for the basketball season, Coach Ivan Hill, of Richmond Union High school received a telephone call from Marin County yesterday afternoon, requesting a return game between Tamalpais Union High school and Richmond.

As games have been pretty hard to get this year and that fact causing some discouragement throughout the school, Hill and Athletic Manager Paul Villalobos received the challenge with open arms. The game will be played here on November 14.

Early in the season Tam and Richmond battled to a fierce nothing to nothing tie. That is just what it settled—nothing. Tamalpais is now a strong contender for the championship of the C. T. F. and the scoreless tie does not look very good on their record. They intend to wipe it out.

Although Richmond has neglected practice for the last week on account of the circus they are preparing to go back to hard work and feel that the rest did them more good than harm. In fact the entire team seems to be at the peak of its going power at the present time so the locals are anticipating a victory over the boys from across the bay.

## Contra Costa Pin League Is In Full Swing

The ten teams in the Contra Costa Bowling league, including three fives from Richmond swung into action last night at various cities about Contra Costa county. Team No. 1 of Richmond played Team No. 2 in three hard games at the Barillos alley's on Seventh street.

Team No. 1 started out in the first game and after a long hard session beat No. 2 by five points, 795 to 790. Then the No. 2's turned around and took the next two games and the gross score, winning three out of four points.

Following are the scores of the games played:

TEAM NO 1			
Pelly	152	129	127-408
Vargas	172	148	157-477
Viera	165	126	159-450

## ALL TEAMS ARE HELD SCORELESS BY LOCAL 130'S

After going through the most successful season in the history of the school, the 130-pound football team of Richmond Union high school, turned in its equipment yesterday in preparation for the basketball season. Not once during the season did a football get across the Midget's goal line in any way.

The Midgets played six games, winning five and tying one. They started the season by defeating the Junior high unlimiteds 12 to 0. Then they took the second team of Roosevelt high 130's, and the Mission high 130's down the line for the same score. They beat the 130's of Tamalpais 13 to 0, and then reverted to the 12 to 0 score when they walloped the second team of University high. The last game of the season was tied 0 to 0, with the Alameda high 130's. The total then was, Richmond 130's 61—Opponents 0.

The products of this year's Midget team will provide some wonderful material for Coach Hill's unlimiteds. The men are mostly sophomores and light, but they will make at least a strong reserve force.

Hanrahan at end, Ziem at guard and Heegar at center, formed the foundation of the Midget line. Then there were Cecil and Sakal, quarter and half respectively, who couldn't be beaten when it came to plunging through the holes opened by the line.

Most of the punting of the season was taken care of by Nicholson, but he was forced to lay off kicking toward the last of the season on account of an injured toe.

Constance started the season in the backfield, but was later shifted to end, where he did some wonderful work, backed up by Arnold in the backfield and Johnston at tackle. Captain Swenson at guard and his partner, Armstrong at tackle, played good teamwork and kept holes open for the backfield to go through.

All members of the team will receive six-inch black "R's" as a reward for their efforts during the season. A banquet is being planned for the 130's sometime this month, but the details or the date have not yet been worked out.
